## **1. Leinster Open Sea Races**

The Leinster Open Sea calendar is a series of open water swimming races that take place during the summer months in the Leinster region. The races are run by the individual swimming clubs of Leinster and the calendar is coordinated by Leinster Open Sea. Each club takes responsibility for the running of their race. Leinster Open Sea also runs a number of races which are also included in the calendar.

Before competing in a Leinster Open Sea Race, all competitors need to acclimatize to swimming in the sea and open water. The ordinary Leinster Open Sea Races (excluding Lough Dan) vary from twelve hundred to three thousand metres and swimmers must be prepared for swimming these distances. The sea temperature can vary from approximately nine degrees Celsius to fifteen degrees Celsius. The location of the race and the weather on the day will also impact water temperature.

Each swimmer must evaluate conditions before each Leinster Open Sea Race for him or herself to consider if it is suitable for them to swim. Conditions at each Leinster Open Sea Race will be different depending on tide, wind, weather, water temperature and sea conditions and therefore can only be assessed on the day at each race location.

Where a swimmer has a doubt after evaluating conditions before a Leinster Open Sea Race, they should not swim. Conditions, which may be suitable for your fellow competitors, may not be suitable for you.

The races are run to give swimmers the opportunity of swimming and competing in the open sea. Competitors in the Leinster Open Sea Races must however be aware that open water swimming is much more physically demanding than pool swimming and competitors face hazards and risks, including but not limited to:

- Slip and fall hazards at entry point and egress point due to uneven ground, steps and wet surfaces;
- Cuts and abrasions from rocks and sharp objects (including glass) on the shoreline and at the entry and egress points;
- Submerged hazards such as rocks or objects which are partially buried on the sea, river or lake floor which are not visible from the water surface;
- Collisions with objects floating in the sea;
- Collisions and contact with other swimmers competing in the race;
- Collisions with rescue boats and kayaks;
- Collisions with swimmers and marine users who are not participating in the race but who cross the race course;
- Water pollution;
- Stings and bites from contacts with marine or river life;
- Hypothermia due to low air and sea temperature and length of time spent in the water;
- Seasickness and disorientation from wind and waves;
- Effect of wind, water, currents and tidal streams;
- Hazards caused by the shape of the sea floor or river floor or lake bed;
- Damage or theft to personal property while swimming; and
- Hazards posed by spectators and members of the public.

This list is not exhaustive.

10. Kayakers and race officials will film the race using Go-pros. Swimmer's personal images may be captured on video. In the interests of race safety and ensuring fair competition, LOS and the swimming clubs have a legitimate interest in capturing this personal data.
11. In the interests of swimmer safety and race progression, a time limit for completion of all LOS races shall apply. A swimmer's average 100 meter pace shall be no slower than 3:07.5 (i.e. max of 50 mins for 1600m)

1. As soon as you have your ticket, you must move out of the way of the finish line, and head straight into shore to give your ticket and number to those collecting names. Races are held on a good faith and best efforts basis. Swimmers cannot deliberately hold back in obtaining their finishing place, and any swimmer found doing so may be disqualified.
2. Finishing positions may be recorded using a variety of methods as appropriate to the logistics at the race venue e.g. Numbered cards may be handed out, this card must be returned to race officials as soon as possible after completing the course and/or Electronic timing chips may be used for races where this is again an appropriate option.
3. Certain events may use a combination of the above finish recording options.
4. All competitors will be timed using manual and/or electronic timing;
5. The Finish Judges and Timekeepers shall be placed so as to be able to observe the finish at all times. The area in which they are stationed should be for their exclusive use.
6. Upon leaving the water some swimmers may require assistance. Swimmers should only be touched or handled if they display a need, or ask for assistance.

### **2.9. Handing in Numbered Cards/Tickets**

From a safety perspective, race organisers must account for all swimmers who entered the water as soon as the race is over. It is impossible for race organisers to do that if swimmers do not hand in their tickets immediately. Race organisers are instructed to have sufficient stewards, collecting race numbers in batches of no more than twenty five.

As soon as you leave the water you must hand in your ticket and ensure that race officials, record your Leinster Open Sea Number, Name and Ticket number.

**If you leave the finish area without giving in your number you will be disqualified,**

## **Leinster Open Sea 2019 Rules and Swimmer's Declaration**

**and your place, points and swim will not count. If you do this for a second time, Leinster Open Sea and the host swimming clubs reserve the right to refuse entry to future races.**

The above rule will not apply if in the event of leaving the water you are either:

- Extremely cold and need to get changed urgently; or
- Feeling unwell

However, make yourself known to a race official immediately. Do not leave the finish area without informing a race official, particularly if you feel unwell.

2. Team prize will be awarded to the team with the lowest score when their first four swimmers positions are counted. In the event of a tie, the points and prizes will be awarded to the team which has the best placed individual finishing swimmer.

Swimmers competing in their first four races as above shall not be included in the calculation of team prize.

### **Grand Dublin Swim**

The wetsuit rule does not apply to the Irish Long Distance Swimming Association's Grand Dublin Swim.

### **New Swimmers**

At the absolute discretion of the Handicapper and Leinster Open Sea and in the interests of promoting participation in open sea swimming, new swimmers are permitted to swim a couple (no more than two) races in a wetsuit. This is to help new swimmers to orientate, acclimatise and transition to the Leinster Open Sea Races. (Please remember you must ask for permission first, so do not assume you automatically have permission.)

Swimmers who are permitted to wear a wetsuit:

- will not be part of the competition;
- will not receive an official race time or place; and
- Races in wetsuits do not count as qualifiers for The Jones Engineering 100th Dublin City Liffey Swim or The Dún Laoghaire Harbour Race.

All swimmers are expected to compete fairly with due respect to fellow swimmers and race officials, as well as observing and supporting the race rules. an active and sporting member of our open-water swimming community is what contributes to the longevity, sporting and community tradition of our long-standing sport.

### **3. Retire from Race and Clear the Water**

#### **3.1. Incident on the Course**

Please be mindful that although a swimmer may be making progress and can comfortably complete the race course within the cut off time (as outlined above in point 2.7.12), there may be incidents happening elsewhere along the race course which the swimmer is not aware of. The race organisers and rescue crews may need to direct their full attention to those incidents and ask all remaining swimmers to retire and leave the water. **If you are asked to retire from the race and leave the water you must do so immediately, and identify yourself to a race official immediately such that you can be accounted for.**

#### **3.2. Release Rescue Crews and First Aid Teams**

At the end of races, race officials may request swimmers to clear the water and collect their clothes and bag from the finish area. The race officials may wish to carry out a final tally to ensure that all swimmers are accounted for. Likewise, race officials may wish to ensure that swimmers after leaving the water are in good physical condition and do not require medical assistance before releasing the Civil Defence and or first aid teams. **Again, if you are asked to leave the water you must do so immediately.**

#### **3.3. Sufficient Progress**

If a swimmer:

- falls significantly behind other swimmers and there is a significant gap; or
- there is a deterioration in their stroke rate; or
- they are constantly stopping; or
- if the swimmer has stopped for more than a minute; or
- the rescue crews are of the opinion that the swimmer is becoming hypothermic;

Rescue crews or race officials will ask the swimmer to **retire from the race and leave the water immediately.**

#### **3.4. Double Laps**

Some swimmers use the Leinster Open Sea race as an opportunity to train for long swims by swimming double or treble laps of the course. If you are going to swim a second or more laps of the course you must inform the Race team upon registration. The organising club and Leinster Open Sea shall bear no responsibility whatsoever for the safety of any person who swims any distance beyond a single lap of the designated race course.

#### **3.5 Failure to Leave the Course**

Leinster Open Sea reserve the right to:

- disqualify from the race; and to
- refuse admission to future races

## **Leinster Open Sea 2019 Rules and Swimmer's Declaration**

### **4. Disqualification of Swimmers**

Leinster Open Sea and the host swimming clubs will disqualify swimmers who:

1. Consume alcohol before the race;
2. Start the race by any other means than the official start line;
3. Commence swimming before their given start time as per their handicap and called out by the race starter;
4. Fail to follow the course or fail to go around designated marker buoys;
5. Leave the course or the finish area without ensuring that their Leinster Open Sea Race number, name and place number is recorded;
6. Do not obey instructions given by race officials or rescue crews;
7. Engage in dangerous or unsporting behaviour;
8. Physically or verbally abuse race officials, rescue crews or their fellow competitors;

The above list is not exhaustive.

- disqualify from the race; and to
- refuse admission to future races

Swimmers who do not co-operate fully with instructions from race officials and or rescue crews or who do not comply with the rules of Leinster Open Sea and the host swimming clubs.

Section 19 outlines Leinster Open Sea's complaints and disputes procedure. If a swimmer has a genuine complaint they should use that procedure. If a swimmer makes abusive or derogatory remarks about race officials on any form of social media, Leinster Open Sea reserves the right to refuse admission to future races.

### **5. Enforcement of and Changes/Additions to Race Rules**

Leinster Open Sea and the host swimming clubs reserve the right to supplement and/or make amendments to the 2019 Rules and Swimmer's Declaration at short notice, including on the race-day in question, in order to ensure the safety of swimmers, rescue crews, race officials and spectators and to ensure good administration and fair competition of the open sea swimming races.

If you believe that any supplementary rule or amendments are unfair or onerous, please email Leinster Open Sea within five days of the publication of the changes online (or if not already published, within 5 days of the application of the new/amended rule on the race-day in question) setting out the grounds for your objection. Leinster Open Sea will consider your submission in the interests of safety, good administration and fair competition of the Leinster Open Sea race series.

Failure to enforce a rule, whether intentionally or by oversight, does not waive the right of Leinster Open Sea to enforce that rule retrospectively or at a future date.

## **Leinster Open Sea 2019 Rules and Swimmer's Declaration**

### **6. Parents or Guardians of Swimmers under 18 year of age**

In addition to completing this online entry form, Parents or Guardians of Swimmers under 18 years of age on the day of their first intended swim, must sign their consent for their child to swim in 2019 Leinster Open Sea Races. - The Island Swim
- The Jones Engineering 100th Dublin City Liffey Swim
- The Dún Laoghaire Harbour Race
- The Swim Ireland National Openwater Championships at Lough Dan
- The Wicklow 3K Swim

Online entries for these events will open at the appropriate time via [www.howdidiyou swim.com](http://www.howdidiyou swim.com)

### **9. Hypothermia**

Hypothermia is one of the most serious dangers of sea swimming. It is important to educate yourself on its symptoms before trying your first sea swim. The symptoms and signs of the onset of hypothermia can be difficult to recognise if not self-aware. These symptoms can typically include:

- bouts of shivering;
- disorientation;
- irrational behaviour;
- blueness of the lips;

## **Leinster Open Sea 2019 Rules and Swimmer's Declaration**

- inability to concentrate or co-ordinate speech;
- lack of feeling in, or loss of control of limbs/extremities; and
- inability to respond to simple requests or questions.

If you find yourself very cold while swimming, do not continue. Raise your hand and the rescue boats will assist you. Remember, your life is a lot more important than a sea swim! Educate yourself and do not push beyond your limits in this regard.

### **10. Medical Condition**

If you suffer from a

- medical condition, or
- are recovering from illness; or
- are taking medication

you should consult with your doctor before entering the Leinster Open Sea Races or competing in open water swimming.

Parents or guardians should consult with their family doctor before allowing their children to compete in the Leinster Open Sea Races.

Leinster Open Sea will bear no responsibility for your decision to enter any swimming race on the Leinster Open Sea Calendar in 2019 or in future years.

### **11. One Piece Swimsuit (Men's or Ladies' Races)**

Some swimmers may choose to wear a speed-enhancing suit with water repellent properties, commonly referred to as a tech suit. These suits come in full body, jammer (to just above the knee), or brief/square trunk styles. They are permitted in any club organised race, but will **NOT** be permitted in The Jones Engineering 100<sup>th</sup> Dublin Liffey Swim, The Dun Laoghaire Harbour Swim or The Island Swim. For these LOS run races, standard swimming trunks that do not extend below the crotch or above the waist for men or below the crotch with standard straps and exposed shoulders for women are permitted. Stinger suits are permitted for The Dun Laoghaire Harbour Swim, The Island Swim and The Wicklow 3K.

Swimmers who wear one piece swimsuits of a woven or textile material:

- need to register and validate them with the handicapper at the beginning of each race;
- will be part of the competition;
- will receive an official race time or place; and
- Races in one piece swimsuits of a woven or textile material will count as qualifiers for The Jones Engineering 100<sup>th</sup> Dublin City Liffey Swim and The Dún Laoghaire Harbour Race;
- Swimmers are not permitted to wear swimsuits which have exposed or loose zips and/or hooks, if there is a risk they could cause injury to others or interfere with swimmer safety;

## **Leinster Open Sea 2019 Rules and Swimmer's Declaration**

The Handicapper and the race team have final say as to whether the suit qualifies as swimsuit or as a wetsuit. The decision of the Handicapper and the race team will be final.

Swimmers are not permitted to use or wear any device or swimsuit that may aid their speed, buoyancy, heat retention or endurance (such as wetsuit, webbed gloves, paddles, fins, etc.). Swimsuits may not be made from neoprene, Teflon or any other material which offers similar heat retention or buoyancy properties (as determined by the Handicapper and the race team). If in doubt, arrive early for registration and ask the Handicapper and their team.

### **12. Handicap System**

The Leinster Open Sea Races attract a wider range of ages (from teenagers to senior citizens) and ability (from novice swimmers to internationals). Leinster Open Sea run the Leinster Open Sea Races under a handicap system so as to give each swimmer an opportunity of either winning a race or winning a prize (top six place).

Initially based on the 1600m time submitted by new swimmers upon registration, and subsequently being adjusted based on a swimmer's performance after each race over time, the Handicapper gives the swimmer a handicap. The Handicapper will determine when a swimmer will start the race. The slowest swimmers will start swimming first at "GO", whereas the faster swimmers will often have a high handicap and have to wait for several minutes after "GO". The winner is the first swimmer to pass the finish line. The handicap endeavours to give each swimmer an equal opportunity to win the race.

The effective working of the handicap system requires all swimmers compete in good faith at best efforts at all times. Any swimmer, who in the view of the referee and/or handicapper does not compete at best efforts, in good faith, and to the best of their ability, may be disqualified and/or suspended from competing in future races.

The Lough Dan Races and the Grand Dublin Swim are not handicapped.

### **13. Leinster Open Sea Race Number**

In order to process large numbers of swimmers at race day, Mr. Neil Murphy has set up an online database at <http://www.howdidiyouwim.com/>

All swimmers must register with this database. When swimmers register with the database, the database will issue the new swimmer with a **Leinster Open Sea Race Number** or validate numbers issued previously. Race Numbers will start from 200 onwards. That will be your Race number for the 2019 season.

### **14. New Swimmers or Returning Swimmers**

When registering, swimmers will be asked to declare their pool based time for 1,600 metres. Please give an accurate and honest figure as the Handicapper will use this time to set their initial handicap:

- Each swimmer is responsible for declaring an honest and reasonably accurate 1,600 metre time at race pace.

## **Leinster Open Sea 2019 Rules and Swimmer's Declaration**

- Each club is also responsible to ratify the validity of the swimmer's submitted 1,600 metre race pace time .
- If swimmers complete a race in a time which unreasonably betters the submitted 1,600 metre time, they will be disqualified by the Race Team, will lose any points and maybe suspended from future races, to be decided by the Race Team and LOS Committee.
- For habitual or obvious abuses of the 1,600 metre time, the Race Team and LOS Committee may impose penalties on the swimmers' club; including the loss of team points, suspension from other races and possibly even the withdrawal of club races from the LOS calendar.

### **At Registration**

When registering for swims, swimmers must quote their **Leinster Open Sea Race Number**. The race team will issue handicaps based on each swimmer's Race Number. **No Race Number No Swim**.

### **At Finish Point of Race**

When swimmers exit the water, the race team will give each swimmer, a card with their finishing Place Number on it (1,2,3 etc.).

The race team will then record both swimmer's Place Number 1,2,3 etc., their name and their **Leinster Open Sea Race Number**.

Please ensure to register early and to keep your registration number throughout the 2019 season.

## **15. Swimmers Living in Leinster Swim Ireland Number**

Swimmers who live in Leinster must be registered to a swimming club affiliated to Swim Ireland to swim in the men's or ladies' races. Your club will issue you with a Swim Ireland Competitor number (or Special Membership number).

Swim Ireland is the national governing body for swimming in Ireland and is affiliated to Fédération Internationale de Natation "FINA".

If you do not have a competitor number and wish to join us in competing in the 2019 Leinster Open Sea Races please email [leinsteropeaswim@gmail.com](mailto:leinsteropeaswim@gmail.com).

We have listed the many masters clubs competing on our website at: <http://www.leinsteropeaswim.ie/clubs/>. Leinster Open Sea are happy to provide guidance and introduction to facilitate the registration process.

## **16. Swimmers living in Ulster Connacht or Munster Swim Ireland Number**

Swimmers who live in Ulster, Connacht or Munster must be registered to a swimming club affiliated to Swim Ireland. These swimmers are welcome to swim in the men's or ladies' races. A minimum of six races from the 2019 Leinster Open Sea calendar will be need to

be completed to be in with a chance to compete in The Jones Engineering 100<sup>th</sup> Dublin Liffey Swim. Regional swims will no longer be accepted as qualifying swims.

#### **17. Swimmers from Overseas**

Swimmers from overseas are welcome to compete in the Leinster Open Sea Races. If you already have a FINA competitor number from membership of a swimming club in your home country please email your number or scan and email your membership card. Alternatively, if you do not have a FINA registration number please email [leinsteroceanswim@gmail.com](mailto:leinsteroceanswim@gmail.com) and Leinster Open Sea will arrange a Swim Ireland competitor number.

#### **18. Disputes with Race Officials**

In the event that you dispute a decision of a race official, you may put a question or complaint in writing (or email) to the Secretary, Leinster Open Sea. All such questions or complaints must be received within twenty-four hours of the race and must be counter signed (or approved by email) by your club secretary. Under no circumstances is the handicapper, race referee or race team to be approached directly at the race location or at the presentation after the race. Disputes will be adjudicated by Leinster Open Sea. Their decision will be final.

If you wish to appeal a race decision, you must pay a fee of Euro €50. This must be paid within five days of the race.

#### **19. Facebook and Social Media**

Leinster Open Sea will issue announcements and updates on [www.facebook.com/leinsteroceanswim](http://www.facebook.com/leinsteroceanswim) and [@LeinsterOpenSea](http://www.facebook.com/liffeyswim) and [www.leinsteroceanswim.ie](http://www.leinsteroceanswim.ie). ## **20. Personal Data**

Personal data is collected by Leinster Open Sea and the swimming clubs on a number of legal bases. Leinster Open Sea and the clubs have a legitimate interest in collecting personal data, such as names, contact details, date of birth, Swim Ireland registration numbers etc for the purposes of race and competition administration. To ensure fair and transparent competition, Leinster Open Sea has a legitimate interest in publishing swimmer names, age and gender category, club name, race results, Swimmer of the Year points, individual race times and statistics and recording of participation in qualification races on its site: [www.howdidyouswim.com](http://www.howdidyouswim.com). Leinster Open Sea and the swimming clubs have a legitimate and indeed, vital, interest in holding such personal data for safety purposes so that the identity of swimmers is known to the race organisers. ### **22. First Time Swimmers (Additional Information for the Handicapper)**

In order to help the Handicapper to assess you, we ask that swimmers who are competing for the first time in the Leinster Open Sea Races in 2019 give the handicapper an honest and fair assessment of your times for some or all of the following swimming pool based distances.

**100 Metres**

**200 Metres**

**400 Metres**

**1,600 Metres (Mandatory)**

It will help the Handicappers and their teams if you know your times. If you do not know your time the Handicapper will set an initial handicap. A handicap is an estimate. The Handicapper will adjust your handicap over the course of the season. The more often you compete in the Leinster Open Sea Races, the more information the Handicapper has to fairly assess your handicap. Swimmers must be patient with the Handicapper as it can take time. Please outline your swimming experience both indoor and open water

How often and for how long do you train (indoor and or open water)

**Gala Times**

If you have a certified time from competing in recent galas that would also help.

**Comparison to Other Swimmers**

If you know somebody who already competes in the Leinster Open Sea Races and you can assess your ability relative to theirs, that would also help.

**Club Coach or Senior Club Member**

If you can get your club coach or a senior member of your club know to Leinster Open Sea to sign this off that is better. This may not always be possible if you have just joined a new club.
